

FIRST ALERT

Onelink[®]

SECURE CONNECT

Wi-Fi Mesh Tri-Band Solution

Stronger Connection. Stronger Protection.

Smart Home Landscape

U.S. homes currently have an average of 7-10 connected devices. This number of connected devices is expected to triple in the next couple of years alone, with the rise of virtual assistants, internet/streaming TV, smart home, and wearables, with this growth comes a need for

Secure Connect is the solution.
